Augusta Park Primary School Newsletter

From the Principal

Up and running.....
The school has swung into action with all classes developing strong relationships between students and staff. Please take the opportunity to contact or visit your child’s teachers where possible. Formal parent/teacher interviews are scheduled for Tuesday and Wednesday, the 31st of March and the 1st of April 2015.-

Governing Council Information
The APPS Governing Council Meeting has been scheduled for Wednesday 25th of February at 6.30pm. The meeting includes the presentation of the school’s Annual, Governing Council and Canteen reports. Governing Council representatives are elected and the Council formed for the next 12 months. This year there will be ample opportunity for new members to join our dynamic group of parents.

School fees
Apologies to those families who received an invoice for school fees with an incorrect date; it should read 10th of April 2015. School fees are again $195.00, a considerable amount so should you need to organise payment over time please don’t hesitate to contact the Finance Officer, Cheryl McKnight.

Student Enrolments
The Education Department Census day was held Monday of Week 2 and we officially started the year with 296 but have since taken additional enrolments and now have 302 children R-7. This includes 39 new reception students

Food Allergies
At this stage of the year we are still learning about the specific needs of our student population. To be proactive I would encourage all families to avoid including foods with fish and peanut products where possible. This will support us whilst we gather more information about children’s health requirements.

With thanks,

Fiona Voigt
On Monday we were very fortunate to have received approx 20 new books into our library. These were kindly donated by the Aboriginal Veterans Commemorative Service Committee which consists of representatives from the RSL, Veterans SA, Reconciliation SA and the Aboriginal Affairs and Reconciliation Division of Premier and Cabinet. Each year on the Friday of National Reconciliation Week the committee organizes a service to commemorate the military service of Aboriginal men and women who have served in the defence of our country. As a tribute, invitees are asked to place a book suitable for a school library instead of a wreath. These books are then distributed out to various schools. As part of last year’s generous donations the Committee chose our library.

****REMINDER****

Closing Date for Scholastic Book Orders – Friday 13th February 2015

Orders along with payments need to be handed in to the front office.
